

6th International Conference „Advanced Optical Materials and Devices”

AOMD-6

Riga, 24-27 August 2008

1st Announcement

Dear Colleague,

Please mark at your conference planner the traditional **AOMD-6 conference** to be held next summer in Riga, Latvia. It will be organised jointly by University of Latvia, two of its institutes – Institute of Solid State Physics (ISSP) and Institute of Atomic Physics and Spectroscopy (IAPS), and Riga-based International Society of Applied Optics, with expected support from SPIE, OSA and other sponsors. Exhibition of optics-related products will take place during the conference.

The provisional list of the **main Conference topics** includes:

- inorganic optical materials
- organic optical materials
- semiconductor, electrochromic and ferroelectric materials
- holographic materials and optical recording
- optical nanostructures and diffractive elements
- lasers, LEDs and other light sources
- optical thin film technologies
- photovoltaics
- optical sensing
- optics in medicine.

The most **important deadlines**:

- | | |
|---|----------------|
| - 1-page abstract: | 31 March 2008 |
| - notification of acceptance: | 30 April 2008 |
| - early registration* and hotel reservation: | 31 May 2008 |
| - manuscript of the <i>SPIE Proceeding's</i> paper: | 25 August 2008 |

We look forward to meeting you in Riga next August!

In the name of organisers,

Prof. Janis Spigulis

*) The expected early registration fee ~ € 280, special student rate ~ € 140.
