

**6th International Conference
„Advanced Optical Materials and Devices”**

**AOMD-6
Riga, 24-27 August 2008**

2nd Announcement and Call for Abstracts

Dear Colleague,

You are cordially invited to present your recent results at the **AOMD-6 conference** in Riga. The conference will take place on 24-27 August 2008 at the main building of University of Latvia (Raina Blvd. 19).

Abstracts of the reports should be **submitted by e-mail AOMD-6@latnet.lv until 31 March 2008**. The abstract template is available at the conference website <http://home.lanet.lv/~asi/AOMD6/index.htm>.

The **main conference topics will be:**

1. Inorganic optical materials
2. Organic optical materials
3. Semiconductor, electrochromic and ferroelectric materials
4. Holographic materials and optical recording
5. Optical nanostructures and diffractive elements
6. Lasers, LEDs and other light sources
7. Optical thin film technologies and photovoltaics
8. Optical sensing
9. Optics in medicine

The most **important deadlines:**

- | | |
|---|----------------|
| - 1-page abstract: | 31 March 2008 |
| - notification of acceptance: | 30 April 2008 |
| - early registration and hotel reservation: | 31 May 2008 |
| - manuscript of the <i>SPIE Proceeding's</i> paper: | 25 August 2008 |

Registration

When submitting your abstract, please also **fill and e-mail the pre-registration form**, pointing there the title of appropriate topic, and whether or not the visa to enter Latvia will be needed.

The **early registration fee € 280** includes conference programme and abstract book, SPIE Proceedings with conference materials (CD-format), admission to all sessions and exhibition, welcome party, three lunches and conference dinner. **Student registration fee will be € 140.**

After the early registration deadline the regular registration fee will be € 350 and the student fee - € 180.

Fee discount for a limited number of young researchers and participants from FSU countries may be available (please follow the announcements at the AOMD-6 website).

Accommodation

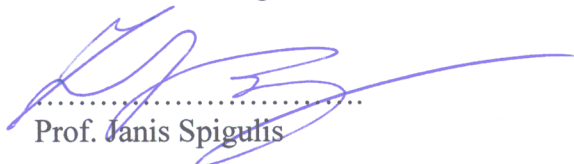

Moderately-priced hotel/hostel rooms at the vicinity of conference venue have been booked by organisers - please mark at the pre-registration form if you prefer to book your accommodation this way.

Exhibition

Exhibition of optics-related products will take place during the conference, without any floor charge. Manufacturers and distributors are encouraged to present their advanced products. Exhibitors are asked to fill online the pre-registration form.

We look forward to meeting you in Riga!

In the name of organisers,

.....
Prof. Janis Spigulis
